

NEW GIVE BACK PROGRAM 1 TREE PLANTED FOR EVERY ORDER

PowerStick.com has partnered with One Tree Planted, a nonprofit organization whose mission is to help businesses make an impact and improve their sustainability initiatives by planting trees around the globe.

When you purchase from PowerStick, your order will help reforestation efforts right here in North America. One Tree Planted has planted trees in more than a dozen US states and across three Canadian provinces.

Planting trees helps to combat the damaging effects of climate change and devastating wildfires. Trees help clean the air we breathe, filter the water we drink, and provide habitat to over 80 percent of the world's terrestrial biodiversity. Globally trees provide tremendous social impacts by providing jobs to over 1.6 billion people, empowering women in underdeveloped nations, and supporting communities devastated by environmental damage.
